

### **How to get FREE money for just doing a few little tasks**

Welcome to this little system for getting some FREE money in your Paypal account, you should follow the instructions listed below to gain the FREE cash.

First of all, you must copy the following link into your browser and register...

<http://cashbin.co.uk/index.php?a=9266>

You will receive a confirmation email, open this email and click on the link to verify your account's email address. (You must do this!)

Once registered, log in to your cashbin.co.uk account using your user name and password that you just created.

You will notice that you have £3 already in the account.

Now, the way cashbin.co.uk makes money is by being a major affiliate to the sites it features, when you register and play or buy anything on these sites, cashbin.co.uk make money, they pass some of that money on to you for helping them, so we all win.

Now below I have detailed some tasks that will get you some money into your paypal account.

## Step 1

Now down on the left hand side, click on '**Gambling**' and select '**Casinos**'

Look down the list and find 'Vegas Red Casino', this pays you £35 when you deposit £30 and play, you will also get another £30 bonus from the casino although, for what we will be doing, you will lose the bonus.

Click on the 'Earn' link, this will open a separate webpage for Vegas Red Casino, register, download the software, log in and deposit £30.

I recommend that you play roulette with £1 on Black and £1 on Red together. Do this for at least ten spins, you may get a zero during the ten spins, losing your £2 stake for that spin, then go to the cashier and withdraw your balance, but leaving a £1 (The bonus amount will be lost at this stage) in the account as to make it seem as if you will be back at a later date.

You will have to wait a couple of days for the deposit to be put back onto your account, you may have lost £1 or £3 for this, but within two-three weeks, £35 will appear on your cashbin.co.uk account and this should be transferred to your paypal account on the following Friday.

Hopefully your profit will be £35 paid by cashbin.co.uk less say £3 loss on the casino = £32 Profit so far.

## Step 2

Now again, from the cashbin.co.uk website, select '**Gambling**' and select '**Casinos**'

Look down the list and look for 'PartyPoker' and click on 'Earn'

This site will open in a separate web page, follow details to register, download any software needed, log in and deposit £20, you will be paid £30 from cashbin.co.uk for this site and PartyPoker should give you an extra £4 or 20% of deposit, play some poker, you may lose your deposit or you may win! (Depends on your skill and luck as a poker player, online tutorials are available) You should at least stake your deposit, this if you have won, you can withdraw this, by leaving the table and going to the cashier and withdrawing, again I would leave a £1 or \$1 in as to make it look as if you are going to come back.

Once again, you will have to wait a couple of weeks for the £30 to appear in the cashbin.co.uk account.

Total profit will be £10 (£30 from cashbin.co.uk minus £20 deposit) if you lost at poker, or profit will be £10 plus your winnings withdrawn from PartyPoker.

So with both tasks complete, you should be at least £42 up now.

### Step 3

Click on 'Gambling', then click 'Betting'

You will see, "Sporting Index", click 'Earn' and register, you get £15 from cashbin.co.uk, deposit £10 and stake it on something like a football match where the favourite team's odds or price is low, something like 1/2 or 1.50 or less, this should protect your £10 deposit and should net you a couple of quid profit so long as the favourites win of course. If it wins then withdraw your £10 deposit and leave your few quid in the account (you can have another bet on anything you fancy another day, who knows, you may make a fortune)

So Profit is £15 from cashbin.co.uk and hopefully you didn't lose the £10 deposit, if you did, then you are still £5 up on the deal.

### Step 4

Click on 'Gambling', then click 'Betting'

You will see, "Game Bookers", click 'Earn' and register, you get £7 from cashbin.co.uk, deposit £5, bet on something that is likely to win like you did with 'Sporting Index' above, if it wins, withdraw the £5 and leave the winnings in, if you do lose, then you get £2 profit otherwise you are up £7 plus any winnings left in the account.

### Overview

You will see a pattern of opportunity here and start to get the drift of how to make money from the sponsors advertised on cashbin.co.uk, you should be at least £49 in profit here, if not more, remember, leave a small amount of money in each of the accounts, so it doesn't look as if you are a fly by night punter making a quick buck and running (although that is what we are doing here), after you have received your monies from cashbin.co.uk into your paypal account, go back into each of your accounts and play any remaining credit, your may win big, you may lose, it doesn't matter.

There are many other featured sites that pay £5 for opening an account and spending £5, these are worth it as it's like playing for free, if you win though, you can withdraw the winnings and smile, if you lose the £5 deposit, then you break even.

Remember, read the terms and conditions of each featured site first, cashbin.co.uk may change the terms or monies paid for above featured sites at any time, so check first before parting with any money.

Remember to write down usernames and passwords for each of the sites that you join, so you can come back to them at a later date.
